

## **INFORMATION AND COMUNICATION**

Salem State College is very proud of its Web Page [www.salemstate.edu](http://www.salemstate.edu). It is very comprehensive and timely. The College plans to post its internal control plan on its Web Page as soon as possible.

Routinely, newsletters and informative memoranda are distributed to the College community. There are many scheduled and unscheduled meetings ranging from the President's cabinet meetings to Administration and Finance Neighborhood meetings to the Coordinating Committee meetings to the Bursar and Financial Aid Department meetings, etc. These are all an effort to provide various forums for the exchange of information and ideas.
