Faculty Orientation

2011

A Message from the Provost and Academic Vice President

Colleagues:

By the end of your orientation period at Salem State University, you will have met many members of the university community. This booklet has been prepared to assist you in remembering those you met as you seek information on campus during your first year.

While this is not intended to be a comprehensive directory, I hope it provides for you an overview of the university's executive leadership as well as the administrators in charge of departments with which you may interact both within and outside of academic affairs.

For a complete listing of Salem State University departments and staff, please consult the online telecommunications directory at salemstate.edu/contact.

Best wishes and a warm welcome to Salem State University!

A handwritten signature in black ink, reading "Kristin G. Esterberg". The signature is written in a cursive style with a long, horizontal flourish at the end.
