

**Sexually Transmitted Infection Testing**  
Counseling & Health Services  
Salem State College

The Office of Counseling & Health Service offers confidential STI (sexually transmitted infection) testing for Salem State College students. The testing includes screening for HIV, syphilis, Chlamydia and gonorrhea. The consultation with the nurse practitioner or physician is free. There is a charge for specimens sent to the lab. Please read the payment options listed below.

**Option 1:**

The lab work can be billed through your insurance company. The cost for each test is set by the lab. The insurance company determines the amount of your co-payment. You are responsible for any testing cost(s) not covered by your insurance. The insurance company may send a notice to the primary subscriber (parent/spouse) stating that a lab work claim was submitted for you.

<b>Approximate Cost:</b>	<b>HIV</b>	<b>\$78.83</b>
	<b>Syphilis (RPR)</b>	<b>\$30.87</b>
	<b>Chlamydia</b>	<b>\$74.00</b>
	<b>Gonorrhea</b>	<b>\$74.00</b>

**Option 2:**

If you do not want the STI testing billed through your insurance company, you can pay the reduced rate negotiated with the lab. The lab work must be paid for at the time of your visit. We accept check or cash.

<b>Cost:</b>	<b>HIV</b>	<b>\$10.00</b>
	<b>Syphilis (RPR)</b>	<b>\$5.00</b>
	<b>Chlamydia</b>	<b>\$27.00</b>
	<b>Gonorrhea</b>	<b>\$27.00</b>

**Option 3:**

We can provide you with a list of clinics offering STI testing. Costs vary from free to charging a fee for the office visit and testing.
