

# Office of Facilities Management

## Capital Projects and Planning Department

---

---

**Project Number:** 5502      **Schedule:** Summer 2007  
**Title:** Cat Cove Tanks and Dock Repair/Shed

---

---

**Architect:** Winter Street Architects  
**General Contractor:** Groom Construction  
**Project Manager:** Kim Sutherland

The Cat Cove facility provides programmatic and academic support for the college's aquaculture curriculum.

The growth in this program has presented a need to expand the food supply for the farmed organisms at the Cove. This shed will provide the needed real estate to properly harvest the food supply.

- ◆ Project Commenced on June 1.
- ◆ Substantial completion August 15.
