Admission to Health Education Concentration

The following criteria are to be satisfied for matriculation into the Health Education Concentration:

1. A minimum grade of "C" in all SFL major and health education concentration courses; English Composition (ENG) I and II and Speech (SPC) 101;
2. A 2.75 grade point average for all courses taken at Salem State College;
3. A 3.00 grade point average for all SFL major and health education concentration courses taken at Salem State College;
4. A passing score on the Communication and Literacy Skills Tests of the Massachusetts Tests for Educator Licensure;
5. A recommendation by a majority of the full-time SFL department faculty.

The student may submit applications for matriculation into the Health Education Concentration after successful completion of 45-60 credit hours and the minimum standards listed above. Matriculation applications are available from the Health Education Concentration Coordinator prior to the fall and spring advising periods. Matriculation into the Health Education Concentration is a prerequisite for: SFL 360, SFL 443, and EDU 473.
