<u>Candidates for Admission</u>: Please follow the link below to work through <u>all</u> of the Online Shadowing Module activities, readings, videos, and assignments. Then complete and submit <u>just this packet</u> as part of your 2022 application to the Salem State University Direct Entry OT program. This packet is only partially representative of the work you will be expected to complete for each online Module. Please include your initials as indicated to attest to your completion of all the work in each online Module and your understanding of the OT profession and the various populations OT practitioners encounter. Finally, please consider completing the applicant survey posted after the last module to assist the original authors in editing modules in the future.

The faculty and staff from the Occupational Therapy Department of Salem State University would like to thank Professor Cheryl B. Lucas, EdD, OTR/L for her generosity in sharing the Online Shadowing Link and the Documentation Packet with us. It is acts of scholarly collegiality like this that make us proud to serve in such a collaborative profession.

#### **GENERAL OVERVIEW OF EXPECTATIONS**

Each module has its own activities, readings, videos, and assignments. All of these elements have been chosen carefully to assist you in understanding the distinct value of OT as an allied health profession that promotes the "doing" of everyday life. Please work your way through <u>all</u> of the assignments posted online. When you are finished, you can copy/paste your representative responses to the curated questions below and then upload this document as part of your application.
