VIKING SPOTLIGHT: MEET GRACIE MARTINEAU FROM THE CLASS OF 2026

Pronouns: She/Her

Major: Psychology, Applied Behavioral Analysis (ABA) concentration

Groups/Clubs/Athletic Affiliations: Captain, Softball team

Hometown: Westminister, MA

What made you choose Salem State?

I chose Salem State for its ABA concentration in the psychology program and the opportunity to play college softball in a great program.

What are three words you would use to describe the Viking Community?

Welcoming—There are many ways to get involved on campus, such as clubs, events, athletics, on-campus jobs, etc. You will see smiling faces and people wanting to become friends everywhere you go. Professors are just as welcoming. All of my professors have office hours to help you with work in the classroom, but they can also be used to connect and get to know your professor one-on-one.

Diverse—We have students from all over the country and the world. Salem State students come from many different backgrounds, cultures, and more.

Fun—We have many different activities and events on campus and tons to do in Salem; you will always be energized on campus!

What is one thing you think a prospective student should know about Salem State?

You are never alone here! There are tons of resources on campus to help you feel at home at Salem State, and due to the small class sizes, you can grow a relationship with your professors.

What have you done at SSU that you are most proud of?

I am most proud of my accomplishment in becoming a captain of the softball team as a sophomore.

How would you describe the professors at Salem State?

The professors at SSU are friendly, accommodating, flexible and welcoming.

What has been your favorite class to take?

Intro to Learning has been my favorite class so far because it is all about my ABA concentration, and the professor is amazing.

What is your favorite place on campus?

My favorite place on campus is the O’Keefe Complex because I spend so much time there for softball. The staff is amazing, and the building is beautiful. It has study areas where I can do my homework between classes and practice.

My other favorite place on campus is my residence hall. My room is extremely homey and decorated how I like. It makes me feel comfortable, and it’s a great place to escape after a long day. I live in Marsh Hall. My favorite part of living on campus is being involved in the student community and the convenience of walking to class every day.

What is your favorite memory at SSU?

My favorite memory at SSU was meeting my now best friends. The softball team has provided a family for me, and I strongly urge prospective students to get involved and find their own families at SSU.

How do you feel SSU has helped you get career-ready?

The professors are hands-on and super helpful with any questions you may have. They also provide many career fairs and opportunities to get your name out to big employers.
